

Supporting Client Success Leading Financial Firm Benefits from Scalable Staffing Solutions

Global Investment Management Organization turned to Solugenix to fulfill its many Finance and Accounting Positions

The Challenge

With assets exceeding one trillion dollars, this U.S.-based global investment management firm turned to Solugenix's staffing services to fulfill its growing demand for highly specialized Finance and Accounting positions in Los Angeles and Irvine, CA, San Antonio, TX and Richmond, VA. The client needed experienced candidates, with degrees from top universities and ample experience in the mutual fund industry. Candidates also needed to possess strong communication skills in order to identify and meet internal requirements. Placement models included short and long term contracts from 6 to 18 months, as well as full time placements.

The Solution

Solugenix Professional Staffing Services provided the necessary Finance and Accounting personnel with the appropriate technical and communication skills. Some of the key roles fulfilled included Portfolio Manager, Fund Accountant, Fixed Asset Accountant, Derivative Analyst, Director of Finance, Senior Financial Analyst and more.

Assignments were flexible in order to meet rising and declining resource demands associated with new project implementation.

Benefits

The Solugenix Professional Staffing Services solution provided a number of benefits:

- Client's internal recruiting time declined by 80%, allowing them to focus on their core business objectives
